EARTH DAY

Some possibilities to using the Earth's resources more responsible:

- mindfulness in your use of water
- Eating locally grown food when possible
- Walk, bike, bus or car-pooling to reduce your carbon footprint
- Reduce your use of plastics by not taking a straw or a shopping bag

Creator, we stand in awe and wonder at God's great creation, at the diversity of beings, and at the intricate balance of relationships that sustains life. We recognize the need and basic human right for each person to have a place to which to belong.

Inspire in us the will to live in responsible and sustainable relationships to water, land, home, and each other are part of realizing our full humanity.

Gather us together for the love of the world, and send us out, with patience and persistence, to act as your disciples. Amen.
